## Looking for Host Families

Students like these are available and arrive August 2007

### Luiz from Brazil

Luiz is a Cargill scholar from the small town of Sidrolandia. Those who know him describe him as a friendly and hardworking. A member of the Catholic Church, he likes to involve himself in different activities after school including community service activities and athletics such as basketball and soccer. He's an above average student who is self motivated to do well.

---

### Mark from Denmark

Mark's family is in no way a stranger to AFS. His father went on an AFS program in 1980. Mark spends a lot of his time working at a local gas station and playing American football. In fact, he's one of the captains of his team. He's a good student who really enjoys science classes. In addition to football, Mark goes to the gym to keep in shape. He's looking forward to integrating and being a part of his host family.

---

### Wenjie from China

Wenjie lives with her father and her mother in the city of Chongqing with her mother and her father. Her parents describe her as a warm and peaceful girl. In her free time she loves to swim and play bridge. In addition she plays the flute. ON top of being a generous student, Wenjie gets great grades. She's very excited about coming to the US because she has always been interested in other cultures. She is eager to learn about America through her host family.

---

### Brynhildur from Iceland

Brynhildur is a friendly and outgoing girl who enjoys spending time with her friends. She loves to swim and spends about 4 days a week going to the pool as well as working out. Brynhildur is the oldest of four children and has grown up and handled a lot of responsibility in her household. Her parents describe her as being sensible while still maintaining a great sense of humor

I

### Inigo from Spain

Inigo is from a small town near Barcelona. Because of time spent in Norway and Belgium, he's no stranger to exchange programs. His father notices that he really seems to excel most when he's abroad. In his free time, Inigo enjoys participating in the theatre arts. He also enjoys taking an interpretation class on the weekends. All who know him describe him as a hard worker. He loves new environments and can't wait to meet his new family.

---

### Salasiah from Indonesia

Salasiah lives with her mother, brother and sister in the suburb of Loa Duri. She is a smart young woman in the top ten in her class. Her teacher describes her as a future leader of Indonesia. IN her free time she loves to jog and spending time reading. Her family describes her as a very good listener, the type of young woman who makes a great friend. She hopes to share Indonesia with her new family as well as to learn all she can about America.
